

§ 429.6

(e) The limited use authorization is fully revocable at the discretion of Reclamation; and

(f) All revenues collected for the use of Reclamation land, facilities, and waterbodies are handled in compliance with all statutory, regulatory, and policy requirements.

§ 429.6 When must water user organizations also approve use authorizations?

(a) Use authorizations for easements and rights-of-way for periods in excess of 25 years are also subject to approval from water user organizations under contract obligation for repayment of the project or division. This requirement does not apply to any other type of use authorizations.

(b) At a minimum, the appropriate water user organizations will be notified of all use authorizations prior to their issuance to avoid potential conflicts between the requested use authorization and the water user organizations' need to operate and maintain the facilities for which they have contractual responsibility.

(c) At the discretion of the responsible Regional Director, concurrence of the appropriate water user organizations not addressed in paragraph (a) of this section may be requested.

Subpart B—Proposed Uses Involving Reclamation Easements

§ 429.7 Can I use land where Reclamation holds an easement?

(a) To prevent conflicts where Reclamation holds an easement on land owned by others, you should submit an application for the proposed use. If after review of the application, Reclamation determines that your requested use would not unreasonably interfere with Reclamation's easement, a consent document may be issued to you. The consent document will contain the conditions with which you must comply to ensure that your use will not unreasonably interfere with Reclamation's use of its easement.

(b) In accordance with subpart C of this part, you should submit either SF 299 or Form 7-2540 to the local Reclamation office to request a consent document.

43 CFR, Subtitle B, Ch. I (10-1-11 Edition)

(c) If you are not the underlying landowner, you must also secure the permission of the landowner for your requested use of the area covered by Reclamation's easement.

§ 429.8 Is there a fee for uses involving a Reclamation easement?

Reclamation will not charge a use fee for a consent document. However, depending upon the complexity of your requested use and issues associated with it, Reclamation may charge an application fee and administrative costs, unless waived in accordance with subpart F of this part.

Subpart C—Requesting Authorization to Use Reclamation Land, Facilities, and Waterbodies

§ 429.9 What should I do before filing an application?

Before filing an application, it is important that you contact the local Reclamation office to discuss your proposed use. This discussion can help expedite your application process.
